

About Us

Clear Vision is an organization that exists for the express purpose of serving the local church. Our byline is, "Living out the mission". We want to come alongside you and help you face the challenges, struggles and opportunities that lie before you and see God move in such a way that your ministry is maximized for the sake of the Kingdom. It is our deep belief that the local church is truly "the hope of the world" and we desire to help build both you and the church in which you serve. We believe that is imperative that the church "live out the mission" and not focus on ourselves. The stakes are high and the harvest is ready.

Clear Vision Ministries

Ministry to the Local Church

Everyday People.....

Living out the mission

Solutions

Clear Vision will provide leadership, tools and processes to help you and your church address:

1. Staff "right fit" and effectiveness. This involves an assessment process that is very encouraging and winsome.
2. Issues that are currently creating significant challenges for you. This may include managing change, worship style issues, staffing issues or facing and dealing with a silo mentality among your team.
3. Strategic ministry planning for the future. We have a very clear and winsome approach to strategic ministry planning that involves broad ownership and clear outcomes.
4. How to open the door in a positive way for the emerging generation to be reached in effective, relevant and yet doctrinally pure ways.

It is our approach to join you in the journey and walk with you through these kinds of changes. We do not come in and do a pre-set, "canned" teaching/presentation and then leave you to work the plan out on your own. We desire to walk with you through the journey. Each church is treated with a unique and custom approach. We do not approach these issues with a "cookie cutter" mentality. Please give us a call at 616-218-7416 or contact us by e-mail at

What Others Are Saying...

"Clear Vision Ministries made a significant impact on our church. For me, the work that Jack Lynn did with the Staff Assessment Process helped to put into words what God was already doing inside of me. It brought definition to the stirrings of the spirit and helped me put my finger on some next steps to take to be more obedient to those stirrings."

Brian Blum - Sr. Pastor
Frontline Community Church
Grand Rapids, MI

On behalf of the leadership and strategic planning team at Greenville Community Church, I want to take this opportunity to thank you for the first-rate work you did leading us to a new strategic plan for the church. We will look back on this as a "watershed phase" that launched us down the path of a clear and compelling mission, vision, values and strategy.

Joel Heron - Sr. Pastor
Greenville Community Church
Greenville, MI

Jack has assessed our ministry with great thoroughness and sensitivity. He has continually maintained high regard and respect for our leadership teams while appropriately challenging us. He has prayed with us, learned from us, stretched us, and is helping us become a more faithful Church in response to the gospel of Jesus Christ.

Jonathan Elgersma - Sr. Pastor
Faith Reformed Church
Zeeland, MI

Jack has been a great asset to the inner workings of First Reformed Church in Byron Center as we seek a "Clear Vision" of God's calling for our church and its role in West Michigan and seek to better understand the concept of "Leadershift" within the Church's organizational structure. Jack's many gifts of leadership are very evident as we develop a clearly defined vision for the future of Gods Church here at First Reformed in Byron Center.
